

A diagram of a building facade with a height $H < 8\text{m}$. The facade is divided into a grid of 3 columns and 4 rows. A vertical window is located in the second column from the left, spanning the second and third rows from the bottom. The window has a triangular opening in its center, with the base of the triangle at the bottom of the window and the apex pointing upwards. The height of the building is indicated by a vertical arrow on the left side, labeled $H < 8\text{m}$.
